
Welcome to the 830Laser Open Clinic!

WHAT IS AN OPEN CLINIC?

An Open Clinic serves 3 main purposes:

1. A Person experiencing pain has a chance to **receive a complimentary treatment** and get introduced to the healing effects of 830Laser therapy at no cost. No strings attached.
2. Clinicians and prospective buyers can **receive information** on the 830Laser and see it demonstrated on live patients. A 30 minute presentation follows the complimentary treatment session phase.
3. Distributors and clinicians alike can **receive training** on the proper use of the 830Laser. The training time will go towards a Laser Certification issued by the American Society of Laser Therapy.

IMPORTANT INSTRUCTIONS FOR:

People in pain wanting treatment.

You must complete a **Treatment Consent Form** and wait for an attendant to call your name. Only ONE area or body part can be treated so please describe your MOST significant pain or problem.

Only if you are experiencing pain should you request a treatment. The benefit of the 830Laser cannot be realized unless you have a pain that can be alleviated.

Clinicians or prospective buyers.

Please **sign-in** and indicate that you are a prospective buyer. We will not attempt to hard sell to you. We merely want to make sure you have all the important facts and information so you can make an informed decision. Request a New Buyer Packet.

The presentation/demonstration of the 830Laser will proceed the complimentary treatment session.

Distributor or Clinician Trainees.

You **MUST** check-in with the instructor upon arrival. You will be required to complete a test at the end of the Open Clinic.

Please allow 14 days for delivery of your certificate.
